

Figure 10 j :

Distribution and frequency of DVCs reported by Trunk Operating Companies (OCs) during the most recent three year period (2008-2010) for which equivalent data are available to the project across the entire Scottish Trunk Road Network (see overlaid large coloured 1km by 1km squares). Locations of other DVC records available in the fuller DVC database for 2001 to 2010 for non-trunk as well as trunk roads collated via a range of differing information sources are shown for context (small blue square symbols).
